

How to Measure Your Space

- 1) Start measuring from the corner as shown in the drawing.
- 2) Measure total length of all walls corner to corner.
- 3) Indicate the location and sizes of the doors and windows. Include individual corner to window/door dimensions.
- 4) Indicate door swings, location of electrical plugs and center line of sink. Include waterline and floor drain locations.
- 5) Confirm the room height and location of drop ceiling or bulk heads.
- 6) Indicate appliance locations.
- 7) Double check all of the measurements for accuracy.
